

Skype Video conference of the 31st May 2016

SUSFOOD – CEREAL

Improved and resource efficiency throughout the post-harvest chain of fresh-cut fruits and vegetables

In accordance with the measures mentioned in the minutes of our second meeting in LAPPEENRANTA, a Skype video conference session was conducted between all the project partners on the 31st of May of 2016 at 11:00 a.m (CEST).

The objective of the conference call was an exchange about the current status of work in the different tasks. Thus, each project partner presented the progress and the main results observed during month 12-19.
